This Month's Bright Spot

We got a new roof over our deck installed by BrightCovers. **We just love it!** We can now sit on our deck in any weather. The roof blocks most of the sun's harmful rays, yet still lets some sunshine in. No more shoveling snow off the deck in the winter. It's the perfect addition to our home.

The installers were great. They kept us informed of what they were doing as they installed our roof. They were efficient, friendly and did a fantastic job. **Many thanks to BrightCovers for a job well done!!!** We are so glad we found you!
