Employee Spotlight :

Allison Gadus
Marketing Associate

Favorite Food:

Pizza pasta and steak. But honestly I will eat anything that looks good. I just don't do fish.

Favorite Band / Genre of Music:

I listen to all kinds. Mostly big in to reggae, soca and Spanish (even though I don't speak a word of it). I go from that to old school county such as Pasty Cline or Italian classics like Rosemary Clooney it really depends on the day and how I feel.

Favorite Movie:

My favorite movie is kind of hard because I have quite a few but horror movies are always a go to. There are great ones like The Shinning. A lot of times I get stuck watching documentary type movies as well.

What is your Favorite part of working at BC?

My favorite part of working at BrightCovers is the friendly environment. As we have worked from home we have become friends with our team and we are all willing to help one another and learn what we can to be helpful to our company aa a group.

What do you do when you are not at BC?

When I'm not at BrightCovers I visit with my close friends and family. We go for lunch and try to get out and do fun things. Also spend time with my daughter as she is home schooling there is always something to do with us both being home.

What would you like BC to know about you?

I would like BrightCovers to know that I am always willing to learn and help out when I can. I have been with the company now a little over 2 years and I am appreciative of the help and understanding from everyone I have worked with. We are a great group and I'm happy to be apart of it.
