This Month's Bright Spot

"I was looking for a front porch covering that looked nice without a great deal of reconstruction to the roof. My husband saw your ad on TV and said, 'There you go!' I called and appointment was made with sales rep. He was very friendly, respectful, knowledgeable and up-front, with no pressure at all to purchase. Only negative was the time frame for install, an estimated 4-5 months. Well, 3 months after we contracted, my beautiful Bright Cover was installed!! The guys were friendly, efficient and knowledgeable. **I am totally thrilled with the cover and definitely recommend BrightCovers as an option.**"
